Docket No. R2001-1

**KeySpan Energy's Notice Regarding
Filing Of Library Reference KE-LR-J-4**

KeySpan Energy gives notice that it has filed the following Category 2 Library Reference:

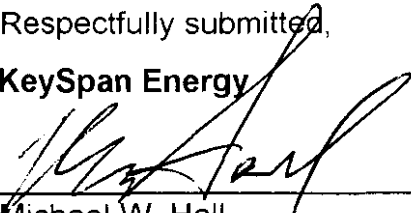

KE-LR-J-4 Comparison of reconciled HAND and QBRM workshare-related unit costs to other rate categories to check for reasonableness of the CRA Proportional Adjustment Factors

This library reference library reference that follows USPS witness Miller's derivation of QBRM cost savings but adjusts his models to allow QBRM and HAND letters to flow through all postal processing operations, including the incoming secondary. The resulting reconciled QBRM and HAND worksharing-related unit costs are then compared to Mr. Miller's First-Class worksharing-related unit costs as a check for reasonableness. The principal source of input data for this library reference is Library Reference USPS-LR-J-60. An electronic copy of this library reference is being filed with the Commission.

Respectfully submitted,

KeySpan Energy
